The Radical Split in Tennessee and Virginia.

The Cabinet Supports the Stokes and Wells Parties.

Consultation on Cuban Affairs.

A Secret Agent to be Sent to Cuba.

The Grant and Borie Correspondence a Hoax.

THE RADICAL FACTIONS IN TENNESSEE AND VIRGINIA.

WASHINGTON, June 23.—Politicians here from Virginia and Tennessee have been very anxious to learn which side the administration would take in the pending contests in these States where the two parties are Republican, one conservative and the other radical. Several pilgrimages have been made here from both sides, and a Republican newspaper here and one in New York have been in doubt which ticket to approve until the President should indicate his views. The matter has been even talked over in Cabinet councils, and Secretary Boutwell declared that there could not be two Republican parties in this country, and that the one that was most radical was deserving of support. The President has backed this up by declaring that he indorses Stokes in Tennessee and Wells in Virginia, and that the Federal patronage shall be distributed accordingly. Congressman Van Wyck and family have left for Virginia to speak for the Radical ticket.

CEAN BELLIGERENT.

SENATOR LEMUS, the Cuban envoy, has had an unofficial interview with the President, Secretaries Rawlins and Boutwell being present. The Secretary of State was not present. Mr. Lemus did not allude to the question of recognition at all, but presented to the President some important facts relative to the strength and condition of the insurgents. It has transpired as the result of this interview, that the President has decided to send a secret agent to Cuba to make an elaborate report on the state of affairs there with the view of furnishing the administration some definite information on which it can positively act regarding the recognition of the belligerent rights of the Cubans.

THE GRANT-BORIE CORRESPONDENCE.

The President to-day pronounced the correspondence between Secretary Borie and himself on the resignation of the former, as published in last Saturday's New York Herald, to be a bare-faced forgery. So far from accepting Borie's resignation in a letter, as represented, he wrote him regretting his departure and complimented him warmly. The President expressed the opinion that the man who got up the forgery ought to be punished.

JURY HAY OF ILLINOIS.

Pierre, the Secretary of Legation to Spain, has been removed to take place on the arrival of his successor, Hon. J. Hay, of Illinois, who was Secretary of Legation to Vienna and formerly Secretary to President Lincoln.

THE CASE OF GEN. BURBRIDGE.

In the Criminal Court here the Judge has refused the application to aid by process the arrest of Gen. Burbridge, of Kentucky, and to cause his delivery to the United States Marshal for removal to the State of Missouri, there to be tried before the United States Circuit Court for that district on the charge of receiving \$25,000 as a bribe while acting as an agent of the United States Treasury, from certain parties engaged in the manufacture of spirituous liquors in said State, by which act the Government was defrauded. The Judge refused the application on the ground that neither count of the indictment contained sufficient specific evidence to sustain the charge against the prisoner.

EX-PRESIDENT JOHNSON.

received a large number of calls to-day, including his old acquaintances here. He expressed himself freely regarding the present administration, and declared that it is the weakest the country ever had. He will remain here for several days.

THE INTELLIGENCE.

did not appear to-day according to previous advertisement.

DUNED WASHINGTON.

Columbus, Ohio, telegraphed to-day to Congress that the office that all taxes are paid and stamps affixed to all spirits in Ohio, and that no other taxes are levied thereon, the house will be dissolved and the spirits allowed to remain.

CHICAGO.

Railroad Consolidation—Disasters Freshen—Loss of Life and Property—The Church Trouble—Mr. Cheney Sustained.

CHICAGO, June 23.—On July 1st a majority of the officers of the Michigan Southern and Lake Shore roads will be transferred from Chicago to Cleveland. This is rendered necessary by the consolidation of the two roads, President Phillips, of the combined roads, will remain in this city.

From all quarters of the northern and central portions of Illinois and from Iowa, Wisconsin, Michigan and Indiana come details of the disastrous results of the late storms. Rivers, creeks, etc., are full of water, while the low lands are nearly covered. Nearly all the railroads entering in Chicago have suffered more or less by the destructive of bridges and the sinking of tracks, and in some instances travel has been suspended. At Pontiac, Ill., John McGregor was drowned yesterday while attempting to save his property. The corn crop has undoubtedly suffered considerable injury from wet weather. Wheat will suffer in many places by rank growth, the rust in wheat (Rust of Chenery) is abundant, but the crop of wheat will be large, notwithstanding some drawbacks.

A meeting of the wardens and vestrymen of Christ church (Rev. Dr. Chenery) was held Saturday night, at which the following preamble and resolutions were adopted: Whereas, Our said recorder has the unqualified confidence of his vestry and people, that in all his ministerial acts and dealings he is guided by prayerful and conscientious regard for his duty as minister of Christ in his visible church, and is entitled to our support and aid;

Resolved, By the Wardens and Vestry of said church, in full meeting assembled, that, in view of all the circumstances, the commissions constituting the office charged against said recorder, even if true, do not, in the opinion of this vestry, involve any matter of doctrine and worship, and that we do not regard the same of sufficient moment or importance to make it necessary on the part of the authorities to institute a prosecution therefor, and thereby disturb the repose of the largest and most prosperous parishes in the Northwest.

Resolved, That we hereby tender our record our full sympathy, and promise him in future, as in the past, our cordial and hearty support.

FRANCE.

THE EMPEROR'S TOUR IN THE PROVINCES.

PARIS, June 23.—The Emperor yesterday visited the city of Beauvais, and was received with enthusiasm by the people. The Mayor and Bishop of Beauvais received the Emperor at the city gates and conducted him to the Hotel de Ville, where they presented an address of welcome. His Majesty, in reply to the Mayor's speech, returned thanks for the welcome he had received from the municipality and people. He reminded the Mayor of his presence in the city at the inauguration of the statue of the heroine Jeanne d'Arc in 1880, 18 years ago. He was pleased to see the progress which the city and department of which it was the capital had made since that period in agriculture and industry. He declared that this prosperity was mainly due to the order which for the past 17 years had reigned in France, and he was certain that this condition of order would never be seriously disturbed.

In response to the Bishop, the Emperor said that the addresses of Bishops, couched in the language of piety, were always received with deference. If his prayers were heard, religion would be honored by a happy people, and France would be great and prosperous.

HOW OPPOSITION PAPERS ARE SERVED.

Henry Rochefort, editor of La Lanterne, has been convicted of a charge of illegally introducing his journal into France, and sentenced to three years imprisonment and to a fine of 3,000 francs. To these penalties are added the forfeiture of his rights of citizenship for three years, including the right to vote in any election or occupy a seat in the Corps Legislatif.

MM. Limousin and Jourdan, editors of the Siecle, have been fined 500 francs each, and the editor of the Opinion Nationale has been condemned to one month's imprisonment with a fine of 500 francs, all for violations of the Press law.

OPENING OF THE CORPS LEGISLATIF.

PARIS, June 23.—The session of the Corps Legislatif was opened to-day. The Emperor was not present and M. Rouher, Minister of State, made the opening speech. He said the Chamber was convened to verify its authority. The renewal of the Corps Legislatif by universal suffrage afforded a natural opportunity for the nation to express its thoughts, aspirations and wants, but the political results of this manifestation should not be precipitate. The Government would present resolutions and projects of law in order to realize the wishes of the country.

THE DANISH WEST INDIES.

Editorial articles appear in the Monitor and Pays to-day on the sale of the Danish West Indies to the United States. The two journals concur in declaring that honor and self interest alike demand of the American Government the faithful execution of the treaty concluded with Denmark.

PROGRESS OF THE GREAT EASTERS.

BREST, June 23.—Up to last evening the Great Eastern had made 907 knots from Brest and had paid out 773 knots of cable. There has been no fault whatever in the cable. The interruption noted a few days, it is now ascertained, was owing to an imperfection in the land connection. The signals are perfect. All well.

ENGLAND.

OUR INDIAN POLICY.

LONDON, June 23.—Times to-day has an article reviewing the policy of the United States Government in dealing with the Indian tribes. It praises its patience and forbearance in the past and believes the course the Government is now driven to adopt to be unavoidable. No terms of peace, the Times thinks, are practicable with unmitigated and almost unmanageable savages. They must disappear or the American nation will be checked in its growth and progress.

The House of Commons have passed the bankruptcy bill to its third reading.

INTEREST ON PUBLIC SECURITIES.

LONDON, June 23.—In the House of Commons, Mr. Low, Chancellor of the Exchequer, announced that Her Majesty's Government intended to propose quarterly payments of interest on public securities.

ITALY.

ALLOCATION BY THE POPE.

ROME, June 23.—The Pope delivered an allocution yesterday, in which he reviewed the condition of the Church in Italy and other countries. He deplores the Italian law subverting clerical students to Italy and their description as an infringement of the immunities, rights and liberty of the Church. He dwells on the evils afflicting the Church in Austria and Hungary, based on complaints of bishops in those countries. The events in Spain give cause for sadness and mourning. The zeal of the bishops in Poland, undiminished by Russian persecution is a source of consolation. The Allocution concludes with these words to the enemies of Christ: "Consider the fate of His enemies. Let us pray that they may be restored to the paths of justice, and that the church may be crowned with fresh triumphs."

Installation of Captain General De Rodas.**His Platform—"Spain, Justice, Morality."****The Insurgents Capture the Garrison of Sabana.****The Patriot Generals Form a Junction.****HAVANA, June 23.—Gen. D. E. Rhodes arrived in the harbor this morning. He brings with him a force of 500 regular troops. The volunteers have assembled and are making preparations to receive the new Captain General. He will land at noon.****HAVANA, June 23, P. M.—Captain-General De Rodas landed at 11 o'clock this morning and was quickly received with only the customary ceremonies. As soon as the Captain-General was installed in the palace he issued a proclamation. He says the platform of his line of conduct is embraced in three words: "Spain, justice, morality." He thanks the volunteers for services they have rendered in the cause of order, justice and public rights, and tells them they ought to feel proud of their past action. He closes with an allusion to the army and navy.**

The Diaz publishes an article full of the usual compliments for a new Captain General. The Prensa mentions the fact of Gen. De Rodas' arrival in a brief article. The Voz de Cuba approves of the proclamation in every respect, and hopes De Rodas will act here as he did at Manila and Cienfuegos. The insurgents, 1,000 strong, attacked an encampment containing the garrison of Sabana Nerva, near Puerto Principe, on the 29th last, and captured the entire force, some 80 men. Gen. Letana rallied from Puerto Principe to their succor, but arrived too late. He found the rebels had destroyed the encampment and left four Spanish soldiers dead on the ground. Gen. Letana returned to Puerto Principe on the 21st.

The Prensa to-day acknowledges that news lately received from Puerto Principe, Neuquitas and Gelama is unsatisfactory. Advice of the 21st are received from San Diego. A number of filibusters who landed from the schooner Graydon, and who subsequently fell into the hands of troops, had been executed there. Among them were Chas. Speckman, of Aurora, Indiana, Albert Wythe, of New York, Carlos Martinechev and Harveney Esteves.

Three filibusters, named Pedro Huidre, Jose Plesna, and Gregorio Rodriguez, were shot on the 12th inst. near Guanajama. Reinforcements left Nuevitas on the 24th for Puerto Principe. Gen. Escalante is sick. The general headquarters of the insurgents are established on the Elencado plantation, and it is reported that the Cuban Generals Quenda, Valdez, and Bombeta have met their united forces.

Col. Benavissish arrived here in bad health. Cholera continues in the towns of the interior. Report says that the majority of the men who landed from the Porot and from other vessels have either been killed by the troops or died from disease.

Gen. Florera remains at Puerto del Padre. The insurgents have burnt Abalaya plantation, owned by Col. Albar. Several skirmishes are reported in various parts of the island, resulting favorably for the Government troops.

Sugar firm, business tight and prices unchanged. Washington, June 23.—Accounts from Cuba state that the cholera is very fatal among the Spanish troops, who suffer for medicines and food, their communication being cut off by the patriots. Their reinforcements have been driven back with a heavy loss. The town of Palenque has been captured from the Spaniards with their provisions and arms. An expedition of six hundred men has been sent by the United States to the island, and joined the Cuban army. The Cubans are in the spirits and in good health, occupying the high lands.

NEW YORK.

NEW YORK, June 23.—On the 19th inst. a man named Lewis K. Cole, representing himself as agent of a Chicago Life Insurance Company, rented a portion of an office in the basement of the Ocean National Bank. The only piece of furniture he put in beside a desk was a large, high case. Yesterday noon the janitor of the bank found everything safe. Since which a hole was cut through from the basement to the back office of the bank by burglars who with a large quantity of tools which they have left behind them, forced and blew open several safes, and carried off their contents. Everything was found in confusion this morning. The bank officials state that only about \$20,000 in Government bonds belonging to the bank have been stolen, the thieves leaving a bag containing \$30,000 in gold in one of the safes, and over \$100,000 in gold certificates, and clearing house exchanges for \$20,000 untouched. The securities deposited in the bank by customers and about \$20,000 worth of checks were carried off. No clue to the burglars.

The amount of private deposits stolen from the Ocean Bank is stated by bank authorities not to exceed \$20,000. The bank is not responsible for these losses, which are mainly if not wholly, the result of the burglary. A reward of \$4,000 is offered for the return of the goods taken belonging to the bank itself, about 25 twenties of \$50, of \$1,000 each, and 2 five twenties of \$100, of \$50 each. The \$25 is in the hands of detective.

There is little additional information as to the frustrated Cuban expedition. The men who were to have gone on the Catherine Whiffing are probably hiding on Long Island and up North river. Rumor says another expedition is being fitted out on Long Island Sound. The preparations are said to be in the vicinity of Lloyd's Neck. Other reports say the Catherine Whiffing's expected passengers were landed at some point to prevent their straggling. In the hope another vessel would be ready to take them tonight, Marshal Barlow has taken steps to ascertain their hiding places, and prevent the departure of any hostile expedition in future. The Whiffing is closely watched by two revenue cutters.
